PBT Term 2

Congratulations to our Practice of Building Technology students on successfully coming to the end of their first term! We wish you all the best of luck as you enter Term 2 of your program and build toward your new careers.

Victoria Day

The school will be closed on Monday, May 23rd for Victoria Day. Classes will resume on Tuesday, May 24th

Upcoming Events

Program Info Sessions

This month Pacific Design Academy will be providing in-person info sessions specific to individual departments. The info sessions will be hosted by our Academic Dean alongside our Department Heads to provide comprehensive and detailed information about everything you'll learn and take away from being a student at PDA.

Graduation Preparation!

As we near the end of the school year and prepare for our grad ceremony on June 30th, we will be asking graduates to create digital and physical feature boards showcasing their talents and creativity. The feature boards will include a professional headshot, biography, examples of the student's work, and social media links. We want all of our students to be successful by promoting the amazing work that's been accomplished this year. Stay tuned for announcements about our grad ceremony location!!

Open House!

On April 21st, PDA invited potential students to attend our Open House event where they learned about our design programs, toured the school, met our faculty & student ambassadors, and got to ask important questions about their career aspirations!

Keep an eye on our website www.pacificdesignacademy.com and our social media platforms to stay informed about our upcoming Open House events.

Meet Our Fabulous Staff: Bradley Wang

Bradley Wang, A.K.A. "Super Bradley," studied at Xi'an Communication University in China. Bradley got his Bachelor Degree in 1995 in Computer and Application. After graduating, Bradley was a building control system engineer at Beichen Group Company in Beijing. In 2012 Bradley opened his own company, Hankean Technology, a parts supplier and service provider for building control and fire alarm systems. In 2019, he moved to Canada and began studying English. In 2021 Bradley became the equipment and technologies manager at Pacific Design Academy.

Outside of his professional life he loves to travel, try new foods, and take things apart to see how they work!
